

The Council on Academic Excellence for Women (CAEW) was created in 1979 to develop activities and programs that promote the career development and networking of women. This year, the CAEW has invited a sample of faculty and administrative staff women to participate in small, informal luncheons to encourage greater networking among women at The Ohio State University. At these luncheons, topics of discussion frequently centered on questions and concerns regarding the current status of women. In response to this interest, the CAEW has compiled information regarding the status of faculty, staff, and graduate women on campus. We hope you will find this information both interesting and informative.

If you would like more information about the CAEW and its activities please contact the office at:
